Dear Haley

The copy of the form I am sending, is the filing LaPorte City Utilities made with the Iowa Department of Natural Resources (IDNR). The form was filled out and mailed on the day I signed the Initial Notification for Compression Ignition Engines. As I'm sure you are aware the state of Iowa originally accepted responsibility for this RICE NESHAP filing through the IDNR. Then at a later date the Governor of Iowa rescinded that responsibility which put this EPA ruling back in the hands of the EPA. I was unaware that the IDNR had not passed on this filing to the Region 7 EPA office. To hopefully corrected this oversight I am submitting a copy of what LaPorte City Utilities originally filed with the Iowa Department of Natural Resources. I would appreciate if you could send me an e-mail notification of the receipt of this letter and filing.

Thanks

Michael D. Johnson
